The directors present their report, together with the financial statements on Public Education Foundation Ltd (the Foundation) for the year ended 30 June 2013.

#### **Directors**

The following persons were directors of the Foundation during the whole of the year and up to the date of this report, unless otherwise stated:

Jennifer Neary – Chairperson
Jane Caro
Dianne Giblin
Libby Gleeson
Fred Watson
Peter Worland (resigned 13 August 2013)
Robin Low
David Friedlander
Chris Ryan (appointed 13 February 2013)
Adam Smith (appointed 14 August 2013)

In addition to our directors, the Foundation enjoys the ex-officio membership of the General Manager of Learning and Development from the Department of Education and Communities, Ms Cheryl Best.

The Foundation's Chief Executive, Verity Firth, took maternity leave from May 2012 – February 2013. Mr Chris Ryan was appointed Acting Chief Executive in her absence.

#### **Objectives**

The short and long term objectives of the Foundation are to work collaboratively with schools, communities, business and government to support students to achieve their full potential in public education, while enhancing the value and reputation of public school education.

# Strategies for achieving the objectives

The Foundation has four main strategies for achieving its objectives and these are:

- Providing life-changing scholarships and educational programs for students with particular education needs, as well as teachers and parents;
- Demonstrating the benefits of public education to society through showcasing the leaders
  of many fields in society who were educated in the public system, celebrating the
  achievements of public education, government advocacy and facilitating public comment in
  the media;
- 3. Helping to improve public education by supporting research and piloting innovative programs in schools that can be taken to scale if shown to be efficacious; and
- 4. Building the capacity of the organisation so it can deliver evidence-based, effective and sustainable programs on a national basis.

#### Principal activities

The principal activities of the Foundation during the year were to provide scholarships for students and teachers in NSW Public schools. This year was also significant as the Foundation held its inaugural 'Celebrating the Achievements of Public Education' Awards night at Sydney Town Hall on 30 April 2013.

#### Performance measures

The Foundation measures its performance in both the amount of funds raised and the number of scholarships provided. In addition, individual scholarship programs are evaluated for process, impact and for recipient, teacher and donor satisfaction.

The scholarship programs are constantly evolving and only limited by the donations received. As an example, programs offered this year include:

- The Harvard Club of Australia Education Scholarship supports Principals to attend a fully funded leadership program at Harvard Graduate School of Education, all airfares and accommodation included;
- The Friends of Zainab Scholarship supports students from a refugee background through years 11 and 12 at government high schools and into tertiary education;
- The Una May Smith Aboriginal Scholarship a scholarship designed to give Aboriginal students access to financial support and mentoring throughout their education;
- The Mamma Lena & Dino Gustin Foundation Scholarship provides a 6 week intensive Italian language immersion course in Rome for students in Years 11 or 12.

# Note 1. Summary of significant accounting policies

#### Reporting basis and conventions

The financial report covers Public Education Foundation Ltd (the foundation) as an individual entity for the year ended 30 June 2013. The foundation is a company limited by guarantee, incorporated and domiciled in Australia.

The directors have prepared the financial statements on the basis that the foundation is a non-reporting entity because there are no users dependent on general purpose financial statements. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the *Corporations Act 2001*.

The financial report has been prepared, as appropriate for not-for-profit oriented entities, in accordance with the recognition and measurement requirements specified by the Australian Accounting Standards and interpretations and the disclosure requirements of:

AASB 101: Preparation of Financial Statements

AASB 107: Cash Flow Statements

AASB 108: Accounting Policies, Changes in Accounting Estimates and Errors

AASB 110: Events after Balance Sheet Date

AASB 1031: Materiality

AASB 1048: Interpretation and Application of Standards

The financial report has been prepared on an accrual basis and is based on historical costs.

The following is a summary of the material accounting policies adopted by the foundation in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

# **Accounting policies**

#### (a) Going concern

The financial report has been prepared on a going concern basis, which assumes continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business.

#### (b) Income tax

The foundation is exempt from the payment of income tax under section 50-35 of the *Income Tax Assessment Act 1997.* 

The foundation is endorsed as a deductible gift recipient for its Scholarship Fund.

# Note 1. Summary of significant accounting policies (continued)

#### (c) Revenue recognition

Revenue is recognised at the fair value of the consideration received or receivable. The foundation recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the foundation and specific criteria have been met for each of the foundation's activities.

Revenue is recognised for the major business activities as follows:

#### (i) Grants

The foundation receives grants to undertake certain activities and to provide scholarships. When the grant is non-reciprocal, it is recognised as revenue of the foundation upon receipt. Associated expenditure for the completion of the grant is recorded as incurred.

Where the grant is subject to a reciprocal transfer (specific conditions attached to the grant are to be satisfied) a liability (deferred revenue) associated with the reciprocal transfer is recorded upon receipt of the grant. Revenue is not recognised for reciprocal transfers until the conditions associated with the grant are satisfied.

#### (ii) Donations

Donations are recognised when received by the foundation.

#### (iii) Interest

Interest income is recognised as interest accrues using the effective interest method.

#### (iv) Investment income

Investment distributions from managed funds are recognised as income in the period that entitlement is established. Dividend income from investments is recognised when received.

#### (v) Sponsorship income

The foundation undertakes a fundraising activity and receives support in the form of money. In return, the foundation provides such things as advertising, signage or naming rights or some other type of benefit of value.

Sponsorship fees relate to either (a) a one-time event, or (b) a period of time.

Revenue from a one-time event is recognized when: (i) pervasive evidence of an arrangement exists; (ii) the event has occurred; (iii) the price is fixed or determinable; and (iv) collectability is reasonably assured.

Non-refundable advance payments associated with sponsorships over a period of time are recognized on a straight line basis over the term of the contract from the later of the point at which: (a) pervasive evidence of an arrangement exists; (b) delivery has occurred or services have been rendered; (c) the price is fixed or determinable; and (d) collectability is reasonably assured, or, the beginning of the license period. Sponsorship advances are deferred until earned pursuant to the sponsorship agreement

#### (d) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions and other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash which are subject to an insignificant risk of changes in value.

# Note 1. Summary of significant accounting policies (continued)

# (e) Investments and other financial assets

The foundation classifies its financial assets into the following categories: financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments and available-for-sale financial assets. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and, in the case of assets classified as held-to-maturity, re-evaluates this designation at the end of every year.

# (i) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short term. Assets in this category are classified as current assets if they are expected to be settled within 12 months; otherwise they are classified as non-current.

#### (ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than 12 months after the reporting year which are classified as non-current assets.

#### (iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the foundation's management has the positive intention and ability to hold to maturity. If the foundation were to sell other than an insignificant amount of held-to-maturity financial assets, the whole category would be tainted and reclassified as available-for-sale. Held-to-maturity financial assets are included in non-current assets, except for those with maturities less than 12 months from the end of the reporting year, which are classified as current.

#### (iv) Available-for-sale financial assets

Available-for-sale financial assets, comprising principally marketable equity securities, are non-derivatives that are either designated in this category or not classified in any other categories. They are included in non-current assets unless the investment matures or management intends to dispose of the investment within 12 months of the end of the reporting year. Investments are designated as available-for-sale if they do not have fixed maturities and fixed or determinable payments and management intends to hold them for the medium to long term.

#### Recognition and de-recognition

Regular way purchases and sales of financial assets are recognised on trade date - the date on which the foundation commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the foundation has transferred substantially all the risks and rewards of ownership.

When securities classified as available-for-sale are sold, the accumulated fair value adjustments recognised in other comprehensive income are reclassified to profit or loss as gains and losses from investment securities.

# Note 1. Summary of significant accounting policies (continued) Investments and other financial assets (continued)

(e)

#### Measurement

At initial recognition, the foundation measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Loans and receivables and held-to-maturity investments are subsequently carried at amortised cost using the effective interest method.

Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Gains or losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category are presented in profit or loss within other income or expenses in the year in which they arise.

The foundation invests in wholesale managed investments which are designated as available-for-sale financial assets. These investments are carried at the unit redemption price as at the reporting date and changes in the value of these investments are recorded in the available-for-sale financial asset reserve in equity. Purchases and sales of financial assets are recognised on settlement date which is the date that an asset is delivered to or by an entity.

When investments classified as available-for-sale are sold, the accumulated fair value adjustments recognised in equity are transferred to surplus or deficit as gains and losses from sale of managed funds and equity investments.

#### **Impairment**

The foundation assesses at the end of each reporting year whether this is objective evidence that a financial asset or group of assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a loss event) and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated. In the case of equity investments classified as available-for-sale, a significant or prolonged decline in fair value of the security below its cost is considered an indicator that the assets are impaired.

#### (i) Assets carried at amortised cost

For loans and receivables, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognised as an impairment loss in profit or loss. If, in a subsequent year, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the reversal of the previously recognised impairment loss is recognised in profit or loss.

# (ii) Assets classified as available-for-sale

If there is objective evidence of impairment for available-for-sale financial assets, the cumulative loss - measured as the difference between the acquisition cost and the current fair value, less an impairment loss on that financial asset previously recognised in profit or loss - is removed from equity and recognised in profit or loss.

Impairment losses on equity instruments that were recognised in profit or loss are not reversed through profit or loss in a subsequent year.

# Note 1. Summary of significant accounting policies (continued) Trade and other payables

These amounts represent liabilities for goods and services provided to the foundation prior to the end of the year and which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

# (g) Deferred revenue

(f)

The liability for deferred revenue is the unutilised amounts of grants received on the condition that specified services are delivered or conditions are fulfilled. Where the amount received is in respect of services to be provided over a period that exceeds 12 months after the reporting date, or the conditions will only be satisfied more than 12 months after the reporting date, the liability is discounted.

# (h) Employee benefits

Provision is made for the foundation's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits expected to be settled within one year, together with benefits arising from wages, salaries and annual leave which will be settled after one year, have been measured at the amounts expected to be paid when the liability is settled plus related on costs.

# (i) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, unless the GST incurred is not recoverable from the taxation authority. In the case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included in receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the taxation authority, are presented as operating cash flows.

# (j) New accounting standards issued but not yet effective

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the foundation for the reporting year ended 30 June 2013. The foundation has not yet assessed the impact of these new or amended accounting standards and interpretations.

# Note 12. Contingent assets and liabilities

There are no contingent assets or contingent liabilities as at 30 June 2013 and 30 June 2012.

#### Note 13. Commitments for expenditure

Apart for commitments for expenditure in relation to grants received for scholarships where specified services are to be delivered or conditions fulfilled, the foundation has no further commitments for expenditure as at 30 June 2013.

### Note 14. Events occurring after the reporting date

There have been no significant events that have occurred after the reporting date which may significantly affect either the foundation's operations or results of those operations or the foundation's state of affairs in future years.

#### Note 15. Contributions on winding up

The foundation is a company limited by guarantee. If the foundation is wound up, the constitution states that each member undertakes to contribute an amount limited to \$20 per member while a member, or within one year after ceasing to be member, for payment of the debts and liabilities of the foundation contracted before he/she ceases to be member and of the costs, charges and expenses of winding up, and for the adjustment of rights of the contributories among themselves.

At 30 June 2013 the number of members was 8 (2012: 8).

#### Note 16. Foundation details

The registered office and principal place of business of the foundation is:

Level 11 1 Oxford Street Darlinghurst NSW 2011

#### In the directors' opinion:

- the foundation is not a reporting entity because there are no users dependent on general purpose financial statements. Accordingly, as described in note 1 to the financial statements, the attached special purpose financial statements have been prepared for the purposes of complying with the *Corporations Act 2001* requirements to prepare and distribute financial statements to the members of Public Education Foundation Ltd;
- the attached financial statements and notes comply with the *Corporations Act 2001*, the Accounting Standards as described in note 1 to the financial statements, the *Corporations Regulations 2001* and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the foundation's financial position as at 30 June 2013 and of its performance for the year ended on that date; and
- there are reasonable grounds to believe that the foundation will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors.

#### INDEPENDENT AUDITOR'S REPORT

To the members of Public Education Foundation Ltd

#### Report on the Financial Report

We have audited the accompanying financial report of Public Education Foundation Ltd (the Foundation), which comprises the statement of financial position as at 30 June 2013, the statement of profit or loss and comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

#### Directors' Responsibility for the Financial Report

The directors of the Foundation are responsible for the preparation of the financial report and have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the *Corporations Act 2001* and is appropriate to meet the needs of the members.

The directors' responsibility also includes such internal control as the directors determine is necessary to enable the preparation of a financial report that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Public Education Foundation Ltd, would be in the same terms if given to the directors as at the time of this auditor's report.

#### Opinion

In our opinion the financial report of Public Education Foundation Ltd is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Foundation's financial position as at 30 June 2013 and of its performance for the year ended on that date; and
- (b) complying with Australian Accounting Standards to the extent described in Note 1, and the *Corporations Regulations 2001*.

#### **Basis of Accounting**

Without modifying our opinion, we draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the directors' financial reporting responsibilities under the *Corporations Act 2001*. As a result, the financial report may not be suitable for another purpose.
